

# Music for Aardvarks

and other mammals

## Finally, a kid's music group that really rocks!

Music for Aardvarks is the alternative to traditional children's music groups - a groovy weekly music class that both kids and their adults look forward to. Sing a song, cut a rug and make a noise with the one Netmums has voted Brighton and Hove's Favourite Preschool Class! We are straight from New York City and feature rockin' original music influenced by pop, rock, indie, folk, reggae, rap and blues.

We provide a fun, friendly and fertile musical environment for children aged 6 months - 4 years. Plus you get a cool new cd to take home each term! Try something new with your kids.

Ask around. It's lots of fun!
